

## STRATEGIC OCCUPATIONAL SOLUTIONS (SOS)

### LOOKING FOR A UNIQUE AND INNOVATIVE APPROACH?

MSVS Consultancy has partnered with medical experts to provide a specialist multidisciplinary team approach to provide strategic solutions to occupational health issues & injury. Given our years of combined experience in injury management, mental health, vocational rehabilitation and occupational medicine, we can provide creative solutions specialising in:

- Crisis Assessment
- Complex & long term workers' compensation claims
- Psychological injury management
- Early Intervention for both compensable and non-compensable injuries

The **SOS Team** comprises of **Dr Grant Tschirn** (Occupational Physician, WorkAir Group), **Dr Michael Clarke** (Psychiatrist), **Paul Kassapidis** (Psychologist), **Richard Fuller** (Specialist Physiotherapist), **Cassandra Zaina** (Specialist Physiotherapist) and **Workplace Rehabilitation Provider Specialists** (MSVS Consultancy).

#### Metropolitan and regional assistance can be provided including:

- A comprehensive medical team review of entrenched claims detailing recommended actions
- Drafting of outcome oriented documentation and/ or correspondence
- Liaison with treating medical providers
- Independent medical opinions
- Support and skill development for your staff
- Access to the patented and proven **job matching software program** for pre-employment and employment assessments
- Access to the WorkAir/FIRSTHEALTH comprehensive health service
- Legal and claims management opinions

#### Our team can also assist with tailored solutions for:

- Non work related injury
- Fitness for duty
- Ageing workforce management
- Health and well-being assessments
- Progressing entrenched claims via a combined team approach
